CERTIFICATE

M.J. Engineering Works

এর কাজের গুণগত মান **BUET** দ্বারা স্বীকৃত

This is to certify that, **M.J. ENGINEERING WORKS** has successfully completed the installation and fabrication works including 100% mechanical, electrical, LT Panel, canopy, earthing system & civil works with material supply of **Bangla CAT Generator of BUET POWER PLANT (5MW)** Project as per BUET Requirement & Standard. We are highly satisfied with their works quality and hereby certifying and approving their works as best quality.

DAN CAKE

Date: December 30, 2020

To Whom It May Concern

This is to certify that, **M.J. Engineering Works** successfully complete our 600 KVA caterpillar gas generator installation and fabrication works including 100% Mechanical, Electrical, plumbing & pumping facilities between generator and radiator, room canopy and EGB modification works with materials supply as per design and requirements of Dan Foods Limited and Bangla CAT. They strictly follow the instructions and maintain the compliance standard of department of environment of Bangladesh. We are very much pleased with their quality works and services . We wish them success and bright future on this business.

Who We Are?

COMPANY OVERVIEW

Value Proposition

Always we create value for customers. Value Proposition is at the heart of our Business Policy. We believe **customers are the king** of our business.

"For" Our aim is to make continuous and smooth power supply connection within the company's operation where we work for the heart (generator sector) of any company. I.e. we target those Industries that have already a power station or want to own a Gas or Diesel Generator for lighting and powering their companies.

"Why" We work for erection and fabrication works of Boiler, Generator, Air Conditioning, Motor Rewinding, Electrical Contractor etc. where we are ready to serve the customer with our experience, latest Technology and Modern Tools and Equipment. Our Human Resources are savvy, skilled, experienced. They are the best technical person round the Bangladesh.

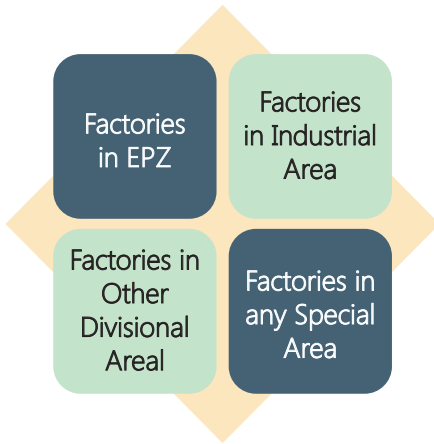

We are the specialist in Erection & Fabrication of Generator, Boiler, Chiller, Air Conditioning, Motor Rewinding, Electrical & Material Contractor, Electrical & Material Good Servicing, ATS, Utility Panel Board, L.T Panel, P.F.I. Panel, Earthling Boring, Loading and Unloading, Manual Change Over, water tank, Fuel tank, M.S. tank, S.S. tank, ETC, General Order Supplier, Ducting, Lighting arresstor, Canopy and Ear Thing Boring. We provide every service that a company needs to operate its Generator. We do installation, fabrication, jacketing, pipe line and so many works for both Diesel and Gas Generator. We also work with Tank Basis working System.

What We Deliver to Our Clients/Customers

Targeted Customer

- ❖ Garments industries
- ❖ Pharmaceuticals
- ❖ Production House
- ❖ MNCs
- ❖ Factories
- ❖ Hospitals
- ❖ National Power Grid

- ❖ NGOs
- ❖ Government Sector
- ❖ Tobacco Industries
- ❖ Banks & Financial Institutions
- ❖ Any others Factories having Power System

Yearly Customer Growth for last 4 year

VISSION & MISSION

VISION

To be the Market Leader in Erection and Fabrication works

MISSION

Want to increase number of customers by providing quality service

Our Goals

- ❖ We want to be the Market Leader in the field of Power Sector
- ❖ To increase current market share
- ❖ To grab the customer positive response by providing quality services
- ❖ To create value proposition for the king (Customer)

Key Success Factors

- ❖ Very experienced and skilled technical personnel
- ❖ Always we think of quality and customised services
- ❖ Latest Technology and modern Tools and Equipment

Core Values

- ❖ To provide better and customised service to our valued customer by ensuring better customer relationship
- ❖ We ensure quality service and design the project by focusing customer needs

Product & Services

1

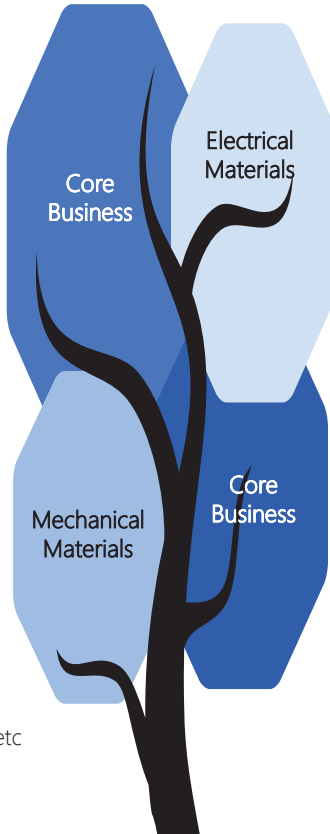

Erection and Fabrication works for:

- ❖ Power Plant
- ❖ Boiler
- ❖ EGB
- ❖ Generator

2

Supplier of All Kinds of Mechanical Materials:

- ❖ Generator Residential Exhaust Muffler
- ❖ Cooling Tower Infill
- ❖ All Tank
- ❖ All Cable Tray
- ❖ Pipe, Elbow, Flange
- ❖ Tee, Reducer, Valve
- ❖ Flexible Joint, Meter, etc

3

Supplier of All Kinds of Electrical Materials:

- ❖ HT Panel
- ❖ LT Panel
- ❖ Utility Panel
- ❖ ATS, PFI, etc

4

Erection and Fabrication works for:

- ❖ Air Conditioning
- ❖ Motor Rewinding
- ❖ Mechanical & Electrical Contractor

Company Slogan:

**“Design Your Power Station Immediately,
Our Service is of Quality”**

M.J. Engineering Works®

Message from the Owner

It is my As a Soles Proprietorship Business, I key personnel to take all the decisions. I have very dynamic, energetic and very experienced manpower to run this company.

Our service is approved by BUET, we have a strong line of business. Our aim is to make continuous and smooth power supply connection within the company's operation where we work for the heart (generator sector) of any company. I.e. we target those Industries that have already a power station or want to own a Gas or Diesel Generator for lighting and powering their companies.

We work for erection and fabrication works of Boiler, Generator, Air Conditioning, Motor Rewinding, Electrical Contractor etc. where we are ready to serve the customer with our experience, latest Technology and Modern Tools and Equipment. Our Human Recourses are savvy, skilled, experienced. They are the best technical person round the Bangladesh.

We are the specialist in Erection & Fabrication of Generator, Boiler, Chiller, Air Conditioning, Motor Rewinding, Electrical & Material Contractor, Electrical& Material Good Servicing, ATS, Utility Panel Board, L.T Panel, P.F.I. Panel, Earthling Boring, Loading and Unloading, Manual Change Over, water tank, Fuel tank, M.S. tank, S.S. tank, ETC, General Order Supplier, Ducting, Lighting arrestor, Canopy and Ear Thing Boring. We provide every service that a company needs to operate its Generator. We do installation, fabrication, jacketing, pipe line and so many works for both Diesel and Gas Generator. We also work with Tank Basis working System.
